ABOUT THE FUND

MJ[®] seeks investment results that generally correlate (before fees and expenses) to the total return performance of the Prime Alternative Harvest Index. MJ tracks a portfolio of companies within the cannabis ecosystem benefitting from global medicinal and recreational cannabis legalization initiatives.

REASONS TO INVEST

- 1 Access Global Cannabis Industry:** The first U.S. ETF to target the global cannabis industry.¹
- 2 Transforming Medical Treatments:** There are many other significant applications for cannabis and THC-based medicines and treatments ranging from epilepsy to cancer treatment to non-opioid pain management.
- 3 Discover Worldwide Growth Potential:** The global cannabis market is expected to show an annual growth rate (CAGR 2024-2028) of 14.06%, resulting in a market volume of USD \$102.9 billion by 2028.²

Fund inception date: 12/03/2015. The performance data quoted represents past performance. Past performance does not guarantee future results. The investment return and principal value of an investment will fluctuate so that an investor's shares, when sold or redeemed, may be worth more or less than their original cost and current performance may be lower or higher than the performance quoted. For performance data current to the most recent month-end visit AmplifyETFs.com/MJ. Brokerage commissions will reduce returns. A fund's NAV is the sum of all its assets less any liabilities, divided by the number of shares outstanding. The closing price or market price is the most recent price at which the fund was traded.

Carefully consider the Fund's investment objectives, risks, charges, and expenses before investing. This and other information can be found in the Fund's statutory and summary prospectuses, which may be obtained at amplifyetfs.com. Read the prospectus carefully before investing.

Prior to 1/29/24, the Amplify Alternative Harvest ETF was formerly the ETFMG Alternative Harvest ETF.

Investing involves risk, including the possible loss of principal. Shares of any ETF are bought and sold at market price (not NAV), may trade at a discount or premium to NAV and are not individually redeemed from the Fund. Brokerage commissions will reduce returns. Narrowly focused investments typically exhibit higher volatility. The possession and use of marijuana, even for medical purposes, is illegal under federal and certain states' laws, which may negatively impact the value of the Fund's investments. Use of marijuana is

regulated by both the federal government and state governments, and state and federal laws regarding marijuana often conflict. Even in those states in which the use of marijuana has been legalized, its possession and use remains a violation of federal law. Federal law criminalizing the use of marijuana pre-empts state laws that legalizes its use for medicinal and recreational purposes. Cannabis companies and pharmaceutical companies may never be able to legally produce and sell products in the United States or other national or local jurisdictions.

The Fund's investments will be concentrated in an industry or group of industries to the extent that the Index is so concentrated. In such event, the value of the Fund's shares may rise and fall more than the value of shares of a fund that invests in securities of companies in a broader range of industries. The consumer staples sector may be affected by the permissibility of using various product components and production methods, marketing campaigns and other factors affecting

consumer demand. Tobacco companies, in particular, may be adversely affected by new laws, regulations and litigation. The consumer staples sector may also be adversely affected by changes or trends in commodity prices, which may be influenced or characterized by unpredictable factors.

Amplify Investments LLC is the Investment Adviser to the Fund, and Toroso Investments, LLC serves as the Investment Sub-Adviser. Amplify ETFs are distributed by Foreside Fund Services, LLC.
